What is Starz Dance?

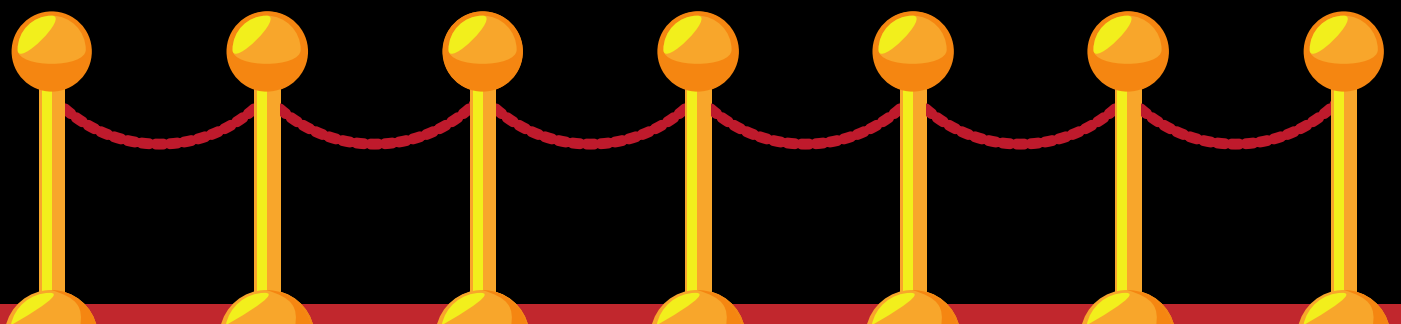

Dance etc in Balcatta is the home of STARZ Dance & was first inspired by a sibling of a Dance etc. student in 2013. This bright and enthusiastic young boy's desire to dance on the stage just like his sister was one that could not be ignored! We knew from then a STAR was born!

The STARZ program is lucky to have an amazing team of professionals who are passionate about our classes and are an inspiration to their students. Our team is made up of both Occupational Therapists & trained dancers to make the most out of every session - making STARZ extremely unique! Our team have both the knowledge, experience and passion to nurture all STARZ Students and ensure they have a positive and delightful experience!

Starz Dance WA aims to be inclusive & welcoming to all patrons and provide a safe space for healthy activity and where independence is nurtured. We rely on the generosity of donations to ensure this program is FREE for members to allow our Starz the chance to shine!
