

Hey there!

It's time to get creative and celebrate the beautiful women in our life and everything they do for us! We have put together a super cute DIY mothers card for you to make and gift to a loved one this mothers day!

We cant wait to see what you create!

What you're going to need...

- Glue stick
- Something to write with (pen, pencil, texta)
- Something to decorate with (pencils, crayons, textas, glitter or anything else you like!)

Instructions.

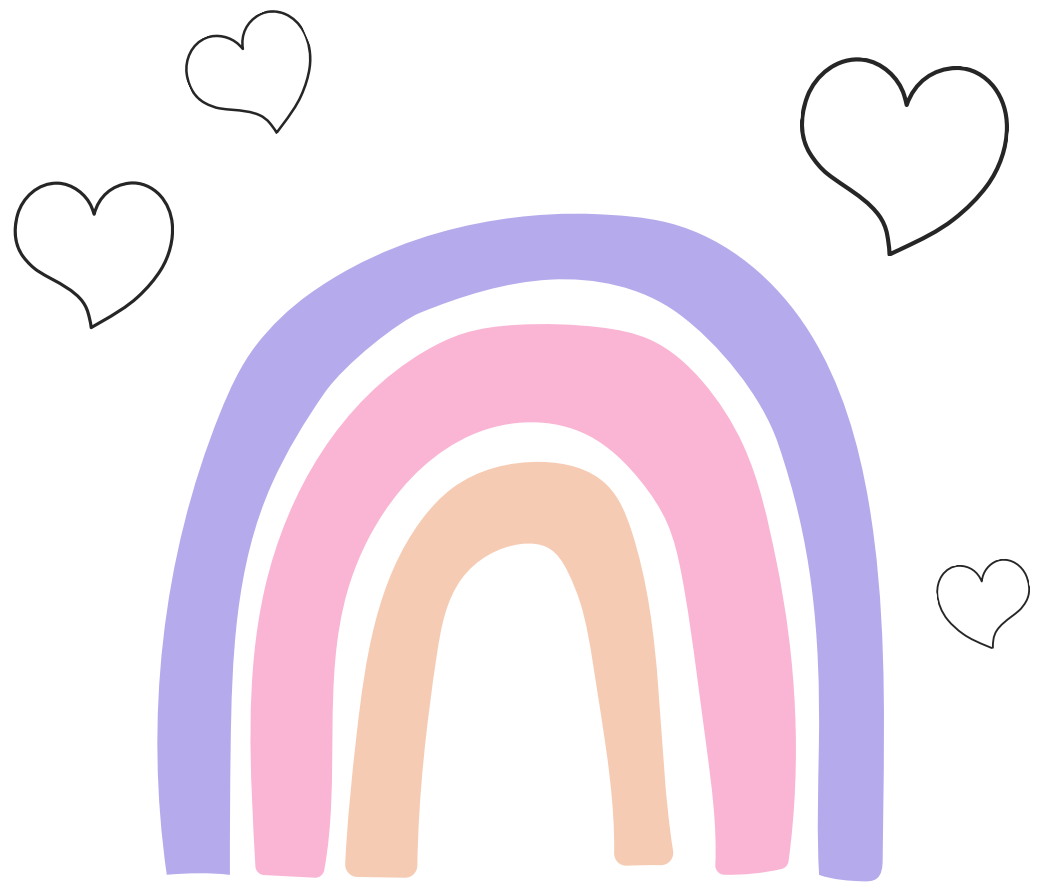

Step 1. Print out the Activity Sheets

Step 2. Decorate your card

- Colour in the love hearts and the letters on the cover page
- Draw your loved one in the frame
- Get a grown up to help you put a lovely message in the card!

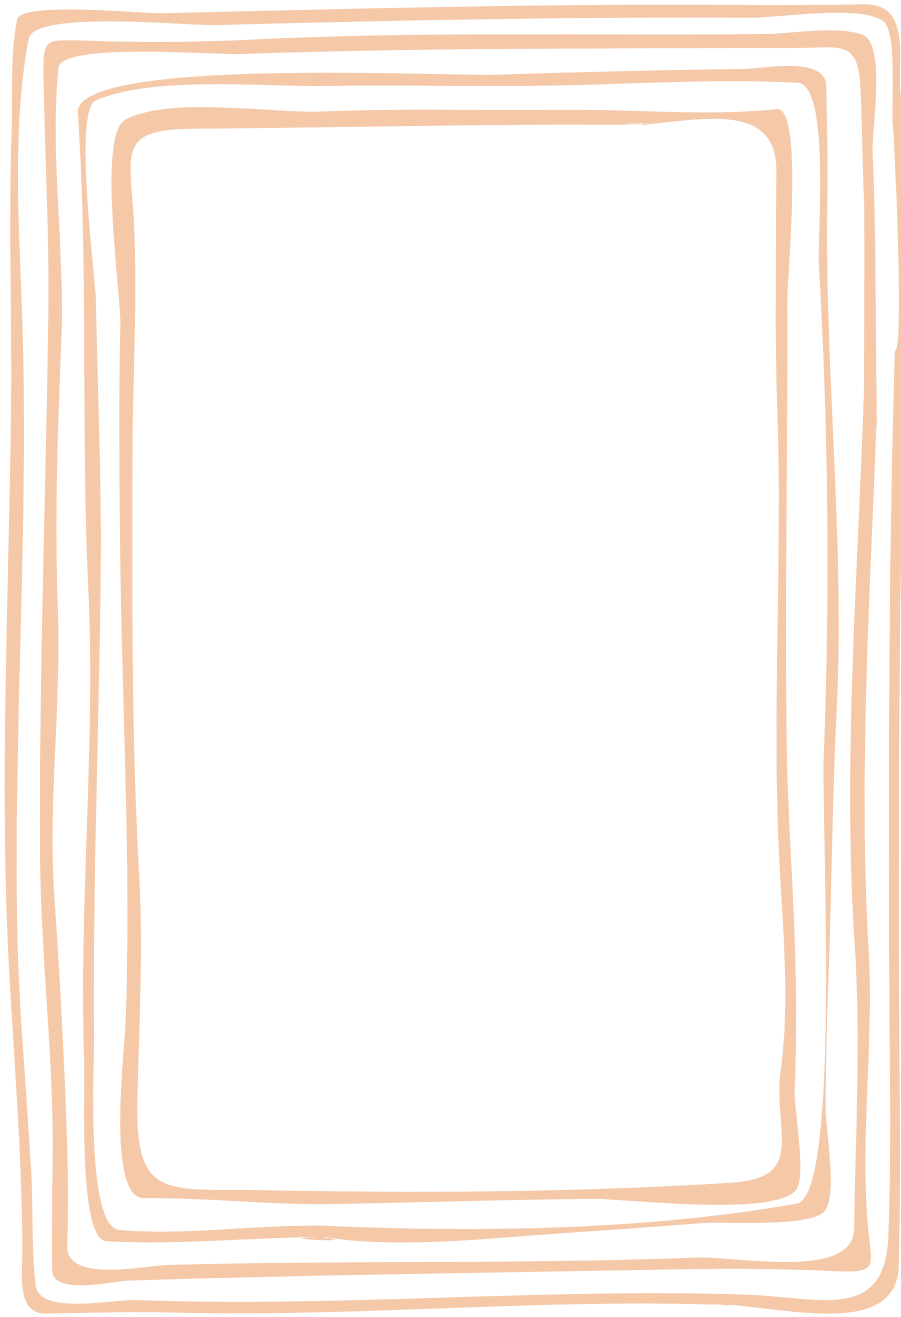

Step 3. Make the card

- Glue both of the blank sides of the paper together. Make sure both of your Activity Sheets are upright so one side of your card isn't upside down.
- Fold along the line in the middle of the page, folding the frame and card message to face each other
