# INSTRUCTIONS

## DIY FATHERS DAY CARD

1. Print out your Fathers Day DIY card.
  2. Fold the card in half so the coloured side faces up, glue the 2x blank sides together so that you have an A5 sized card.
  3. On the blank sided of your card ether trace around your hand or dip your hand in paint and place it on the paper to leave your handprint. Be careful not to trace or paint over the 'Dear' or 'Love from' writing. If you choose to use paint allow it to dry before continuing on to the next step.
  4. Write the name of the person who you are giving the card to underneath 'Dear' and your name underneath 'Love from'.
  5. Get someone to help you fill in the 5 reasons why you love the person you are giving the card too.
  6. Feel free to add any other decorations you like and then give or send the card to the person you love!!
